Residents can choose to pay for their accommodation by a refundable deposit, a daily payment, or a combination of both.

The maximum accommodation payment is \$550,000, however each individual's level of payment is determined from the assets assessment issued by Centrelink or DVA.

For example a person who is assessed as having \$300,000 in assets after allowing for the amount a person must be left with, will only be required to pay an accommodation payment of that amount.

Description of quality, condition and amenity of room.

St Francis Hostel was built in 1996. The rooms are well maintained with a robust deferred maintenance program in place to ensure that they are kept fresh and neat with good quality carpet and fittings.

St Anthony House is the secure dementia wing of the hostel comprising 11 single ensuite rooms, each of which open on to a main passageway that leads to the common areas.
